VARIAXIS i-600 Product: 5-Axis. zoom ... MAZAK 5-axis machining center designed for multi-surface machining delivering reduced in-process time, high accuracy and unrivalled machine ergonomics. Unsurpassed high-speed, high-accuracy performance. Max spindle speed 12,000 rpm (Option: 18,000 rpm, 30,000 rpm) Largest machining envelope: table size Ø 500mm (i-500), Ø 600mm (i-600), Ø 700 mm (i-700 ...

~~VARIAXIS i-600 - Mazak UK | Machine Tool Manufacturing~~

The VARIAXIS i-600 is a highly versatile full, simultaneous 5-axis Vertical Machining Center that performs multiple and complex curved surface machining on small and medium-sized workpieces in single setups. The machine falls within Mazak's DONE IN ONE® concept by incorporating all processes from raw material input through final machining in just one machine. As such, the machine reduces ...

~~VARIAXIS i-600—Welcome to Mazak~~

The automation-ready VARIAXIS C-600 simultaneous 5-axis vertical machining center uses rigid C-frame construction, a standard 30-tool changer, double-ended tilting table and fast rapid traverse rates to reduce cycle times on demanding jobs. It accepts a wide range of spindles, including high-speed and high-torque options, to produce a wide range of parts from steel and non-ferrous metals. Its ...

## ~~VARIAXIS C-600 – Yamazaki Mazak Corporation~~

The VARIAXIS C-600 simultaneous 5-axis vertical machining center is designed to be easily integrated with automation systems thanks to the flat surface of the front of the machine and the large internal operation area. Robot interface is optionally available. Parts can be automatically loaded / unloaded over extended periods of operation. Next generation MAZATROL Smooth CNC system . Machine ...

## ~~VARIAXIS C-600 – MAZAK~~

The Mazak VARIAXIS C-600, which is the successor machine to the highly successful Mazak VARIAXIS j-600/5X, is being marketed at an attractive price point to provide a high-performance and cost-effective five-axis solution. The VARIAXIS C-600 is characterised by its highly agile performance, with no compromise on rigidity. The compact machine, capable of machining workpieces up to 730mm in ...

## ~~VARIAXIS C~~ — Mazak UK

The series falls within Mazak's Done-In-One® concept by incorporating all processes from raw material input through final machining in just one machine. As such, the VARIAXIS machines reduce production lead times, improve machining accuracy and lower operating expenses. VARIAXIS machines also offer high levels of productivity via an extremely fast, high-rigidity spindle design that can handle ...
