Workshop Manuals Are Now Available For All Top Brands like Cars, Trucks, SUVs, and Electric Autos, Which Are Helpful For Garage Mechanics To Repair Their Cars. Workshop Manuals Are Helpful For ...

Workshop Manuals: An Effective Car Repair Platform For All Top Brands Car

Details on the future products were not released, but Mazda ensured that they would follow the brand's sporty ethos. "In moving toward 2030, Mazda will aim to continue our research based on our ...

Mysterious Mazda sports car revealed as 'vision' of the future

The patent mostly concerns the body structure of the car as opposed to its exact specifications, which is typical. That being said, there are several interesting details related to motor placement ...

Mazda EV Compact Sedan Detailed in New Patent Application

Despite Mazda being one of the smaller car companies to come from Japan, the brand managed to transition into an upper echelon in a short timeframe. This has resulted in some upscale models that ...

Mazda's Cautious Approach To Electrification Is Good News For Enthusiasts

Mazda's next convertible sports car won't be out for a while yet, but we know for certain that it will be electrified. To what extent, though, remains a mystery. The next generation of the ...

Next-Gen Mazda MX-5 Miata Could Arrive in 2026 With 'Electrified' Power

HIROSHIMA, Japan — CEO Akira Marumoto is steering longtime internal combustion stalwart Mazda Motor Corp. through a delicate shift into the age of electrification. Marumoto previewed the ...

Mazda's Akira Marumoto: Exploring options

Mazda may not be the biggest fish in the automotive industry, but it can't be denied that the MX-5 Miata has reached legendary status. Despite the tiny roadster often being the butt of pop culture ...

Fifth-Generation Mazda MX-5 Miata Reportedly Coming in 2026

and availability of a manual transmission. All these things go away with the conversion to battery-electric power." Mazda's Vision Study concept. But the original Tesla Roadster weighed just ...

Mazda Faces a Steep Uphill Road to EVs

It's not a rotary, but it is pretty cool. The 2023 Mazda CX-90 will be powered by a hybrid powertrain. Despite being one of the most fuel-efficient automakers in the US (because it only offers ...

Mazda Finally Confirms The Engine For the CX-90

A real head-scratcher. A sci-fi prop on wheels with an engine. Mazda is no exception with the EX-005, one of the most adorable but f*cked up-looking cars I've ever seen. Seriously, look at this ...

And Now, Mazda's F*cked-up Bubble Car From the 1970s

As a reminder, the current MX-5 weighs only 1,021 kilos (2,250 pounds) in manual guise – which is about 90 kilos (198 pounds) lighter than the previous MX-5 NC. The question is: can Mazda find a ...

Mazda's Electrifying Plane For The MX-5 Miata Partially Exposed

HIROSHIMA, Japan — Mazda Motor Corp. could start building its first EVs in the U.S. as early as 2026 — but that hinges on a slew of variables, cautions CEO Akira Marumoto. Primary among them ...

Crossovers' success key to Mazda's shift to EVs

Mazda's first electrified model to be available in all 50 states will be the 2024 CX-90, the automaker officially announced Tuesday morning. But far more relevant to our interests is the fact that ...

2024 Mazda CX-90 to be offered with performance plug-in hybrid

The 2023 Mazda CX-30 2.5 Turbo Premium Plus crossover delivers all the features and options needed- and then some - at an affordable price families can afford. With a starting price of \$22,950 ...
