We build Mercury MerCruiser® Sterndrive engines and drives to power your life on the water. Our engines are engineered and built solely for marine duty. Mercury Diesel. Mercury Diesel engines offer a sophisticated diesel-engine experience: Advanced turbocharging and injection technologies produce a powerband that's carefully calibrated for ...

Service & Support | Mercury Marine

The coil jumper lead will have to be removed to turn off the engine if it starts. Make sure you have water hooked up to a flushett to the drive in case it starts. We use a jumper wire to jump a positive to the starter solenoid terminal (small yellow with red stripe) to get the engine cranking. Hopefully one of these items will reveal the problem.
