Michael Parkin. Get students to think like an Economist using the latest policy and data while incorporating Global Issues. From our global food shortage to global warming, economic issues permeate our everyday lives. Parkin brings critical issues to the forefront. Each chapter begins with one of today's key issues, and additional issues appear throughout the chapter to show the real-world applications of the theory being discussed.

Amazon.com: Michael Parkin: Books
Illustrates and describes Economics a very comprehensive and clear manner. Presents valuable examples and interviews with key economists, which help understand not only the general value of economics in our lives but also the more detailed technical aspects of it. It also describes in an accessible language unintuitive concepts like risk neutrality.
