choose a motorcycle or scooter. After you have chosen one, you can use that tab again to add other bikes to compare against each other. You can switch tabs by clicking them, or scrolling with the mouse-wheel to smoothly transition between the bikes you've selected.

Motorcycle Ergonomics

When riding in town or fast country back-roads, get into the habit of 'arming' your brakes by riding with one finger constantly on the lever. You can still use the throttle and hold on to the bars, but should you have to brake hard and fast, just having your finger already on the brake will give you an advantage – a potential life saver.
