Ms Nuclear Engineering Pieas

Michigan Tech students took home top honors — the Artemis Award — in NASA’s Breakthrough, Innovative and Game-changing (BIG) Idea Challenge. Realize your career goal in design, simulation, ...

Mechanical Engineering—MS

The Department of Industrial and Systems Engineering (ISE) offers courses leading to a MS or PhD. The master's program provides advanced study to gain mastery as a practitioner in a specialized area ...

Industrial Engineering MS

The Master in Nuclear Engineering is a Joint Master ETH Zurich – EPF Lausanne in cooperation with the Paul Scherrer Institute. The first semester takes place at EPFL; the second semester at ETH Zurich ...

Master Nuclear Engineering

Professional opportunities in industry, national laboratories, and government agencies are available for engineers with nuclear packaging safety interest and expertise. The University of Nevada, Reno ...

Nuclear Packaging Program

The Section supports countries operating nuclear power plants or expanding their existing programmes to improve engineering, performance, management systems, human resource management, stakeholder ...

Nuclear Power Engineering Section

What is a BS/MS Program in Engineering? The BS-MS Program is an accelerated curriculum leading to earning both a Bachelor of Science and a Master of Science degree in just five years. Any student, who ...

BS/MS Programs

The MS in Engineering Science with a focus on data sciences program, provides students with a core foundation in big data and analysis by obtaining knowledge, expertise, and training in data ...

Engineering Science (Data Science) MS

Aghara, S. (Principal) UMASS Lowell Nuclear Engineering and Radiological Science Scholarship Program (2013), Grant - Aghara, S. (Principal) Nuclear Engineering Education and Training (NEET) Summer ...

Sukesh Aghara, Ph.D.

Students interested in the following should explore our Main Campus MS: With evening courses and part-time study, this program offers the only engineering program in the Capital Region designed for ...

Electrical and Computer Engineering, MS

Students who hold both an MBA as well as an MS in Engineering degree set themselves apart from many when entering the competitive marketplace upon graduation. Not only can they speak the technical ...

M.S. in Petroleum Engineering / MBA

The academic program in Nuclear Science and Engineering (NS&E) education at UMass Lowell was established in the 1960’s. UMass Lowell offers Bachelor's, Master's, and a Doctorate programs with a focus ...

Nuclear Engineering and Science

Students who were interested in this program may also be interested in our MS in Engineering Management. Technology-driven businesses need leaders with the technical knowledge to drive innovation and ...

Engineering and Management Systems

The School of Nuclear Engineering offers three main areas of study: Energy Materials and Radioactive Waste Management, Nuclear Fusion, and Nuclear Power Engineering.

Engineering Majors at Purdue

A sustainable engineering degree that allows you to reduce a product’s environmental effects at every stage of its lifecycle—from conception, development, and prototyping to commercialization, ...
