NCEES exam rules and calculator policies are used when taking an exam in the Board office. The OHPS can only be taken twice a year. Composition of Ohio's 2-hour, state-specific Principles and Practice of Surveying exam is developed from the references listed in this section. Applicants must take and pass NCEES PS exam before taking OHPS

Ohio's Principles & Practice of Surveying Exam (OHPS)

The Principles and Practice of Engineering exam is the examination required for one to become a Professional Engineer in the United States. It is the second exam required, coming after the Fundamentals of Engineering exam. Upon passing the PE exam and meeting other eligibility requirements, that vary by state, such as education and experience, an engineer can then become registered in their State to stamp and sign engineering drawings and calculations as a PE. While the PE itself is sufficient f
