---

Designed for students in second through fifth grade, these activities are a great way to focus creativity and create new things while learning foundational engineering skills!

### STEM Design Challenge Cards

The MEZL program trains University engineering students to provide engaging activities to foster your student's curiosity about engineering topics. Our engineering students visit classrooms and ...

### Mobile engineering education lab

In science, technology, engineering, and mathematics (STEM) education in pre-college, engineering is not the silent "e" anymore. There is an accelerated interest in teaching engineering in all grade ...

### Engineering in Pre-College Settings: Synthesizing Research, Policy, and Practices

Our engineering sessions, taught by University of Nevada, Reno engineering students, are designed to give program participants the knowledge, skills and confidence to thrive in the math and science ...

### Explorers in Engineering After-School Program

Therefore, this study investigated third – fifth-grade teachers perceived self-efficacy for implementing NGSS. The research examined teachers ... college students majoring in science, technology, ...

### Schedule of Events – Festival of Scholars

The program brought students from Westminster Community Charter School to UB for wide variety of STEM activities led by engineering and applied ... and it ties directly into the Next Generation ...

### National Grid partners with SEAS to bring science to life

The Office for Civil Rights identified a pattern of disparate disciplinary actions across schools and grade levels through witness reports and school records, according to a news release from the U.S.

### California education news: What's the latest?

Our roundup of the latest news from metro Detroit and Michigan businesses as well as announcements from government agencies.

### DBusiness Daily Update: Survey: Health Insurance Premiums Up 4% in 2021, and More

The Challenge asks high school students to work to create a 30-60 second video submission ... The 2022 Trade Champions Challenge winner is Samantha S., a 10th grade student at Cumberland County ...

### Podcast Series: Innovations in Education

Just how common are Colorado kindergarten through 12th-grade students? Colorado state law requires ... we revise the current Colorado standards in favor of the new Next Generation Science Standards.

### Rankin: Do Common Core education standards work and should we adopt them for science? (column)

Second, we intend to re-activate ... to Section events and meetings; promote activities through the use of VR technology for exploring STEM-related topics. Purchase two 3D printers to initiate ...

### METT Grant Recipients

STEM Design Challenge Cards for Young Learners is a great way to engage children from preschool through second grade in the process of creating ... and improvements—all of which are important ...

### STEM Design Challenge Cards for Young Learners

In science, technology, engineering, and mathematics (STEM) education in pre-college, engineering is not the silent "e" anymore. There is an accelerated interest in teaching engineering in all grade ...

### Engineering in Pre-College Settings: Synthesizing Research, Policy, and Practices

The Challenge asks high school students to work to create a 30-60 second video submission ... The 2022 Trade Champions Challenge winner is Samantha S., a 10th grade student at Cumberland County ...
