They work the same way for the D300, D3 and D3. Picture Controls are how you set your D3 to give you the pictures you want right out of your camera. Learn these, and you'll never have to waste your day screwing around with raw files. When reset, the D3 resets each Picture Control, including saved Picture Controls, back to its own default. If you regularly change any part of any Picture Control, you'll want to save it that way as its own named preset.
