The company engineers and manufactures a complete line of digital printers and cutters and offers a total workflow solution for the many applications found in the Sign Graphics, Textile & Apparel, Industrial Printing and 3D markets. It is an operating entity of Mimaki Engineering of Japan.

~~Mimaki Illuminates 3D Printing Market with New Compact |~~
We have detailed product specifications for each of our printers in the Operation Manual. We recommend using our printers in a clean office environment. Printers need stable temperature conditions and should be placed away from direct sunlight and A/C vents when possible. Can my Mimaki printer create borderless, or full bleed prints?
