or pericardial sac, is a double-layered closed sac that surrounds the heart and anchors it.

Pig Heart Dissection - BIOLOGY JUNCTION

Based on the KS3 Year 8 Human Heart topic, this resource guides students through the dissection of a pig's heart. I have also created a worksheet to recap heart external and internal structure that is included. I did this lesson about mid-way through our topic on the heart and it really helped students to grasp the theoretical content.

Firstly a Pluck is the Lungs, heart and liver of an animal. In this case we are using a sheep pluck. Dissecting a Pluck is a brilliant way for students to observe the how the lungs work and the heart in relation to the lungs. Prior to starting this dissection, get students to observe a diagram of the lungs.
