Looking inside the clock there are two distinct parts: the clock module and the radio module. I ignored the radio and looked closely at the clock module for a 32.768 kHz clock crystal which ...

Ask Hackaday: Is Your Clock Tied To Mains Frequency?

The photographic hire company Lensrentals had a \$2k Sony FE 135mm f1.8 GM camera lens returned with a problem: it was having issues focusing. So, they decided to do the obvious thing and take it ...
