Angular Motion and TorqueRotational Motion Concept Questions With

You will need to temporarily define a coordinate representing the rotation of the disk ... Note that you do NOT need an FBD of B since you already know its motion. Here you need to relate x_{ddot} to ...

Homework H6.C.19

Although the motion of B is made up of simple components (constant rotation rate for link OA, constant rotation rate for AB and constant extension of the telescoping link), the motion of B is quite ...
