Anticipation Guide. An anticipation guide is a comprehension strategy that is used before reading to activate students' prior knowledge and build curiosity about a new topic. Before reading, students listen to or read several statements about key concepts presented in the text; they're often structured as a series of statements with which the students can choose to agree or disagree.

This activity provides a good way to increase reading comprehension in the content areas. This approach will 1) set a distinct purpose for reading and 2) help focus students' reading on the most important concepts you want them to learn. Select a reading passage in advance. For young students, that passage might be a page or two in a text; for older students it might be longer.
