select only the needed scope items.

### ~~Part 3 – SAP Blogs | The Best Run Businesses Run SAP~~

The automatic content upgrade to the next release is not possible via Solution Builder. The SAP Best Practices content is already included in your system. You can check via SAP Note 2626824 whether a more recent content version is available for download, import the local solution and installation data files to the SAP Best Practices Solution Builder and then activate the content.

MSB – Solutions for SAP Mobile MSB Mobisys Solution Builder is a certified SAP ABAP Add-On that lets you mobilize, simplify, and accelerate your business processes. MSB extends a NetWeaver-based SAP system (ERP, EWM, CRM, S/4HANA, and so on) and connects identification and data acquisition systems without a separate server directly to SAP.

~~Solution – mobisys GmbH~~

For creating and displaying dashboards, SAP provides the Dashboard Builder as standard in SAP Solution Manager 7.2. The Dashboard Builder is a Browser-based tool that enables you to quickly create tile-based dashboards in order to
