How do you set tappets on  
Scania engine? - Answers  
A timing mark is an  
indicator used for setting  
the timing of the ignition  
system of an engine,  
typically found on the  
crankshaft pulley (as  
pictured) or the flywheel,  
being the largest radius  
rotating at crankshaft speed  
and therefore the place  
where marks at one degree  
intervals will be farthest
