The ipconfig command stands for Internet protocol configuration that is used for configuring networking devices on Windows machines.

Top 30 Network Engineer Interview Questions
"A great software engineer has a healthy balance between perfectionism and pragmatism. Too often engineers want their code to be perfect, while losing sight of the overall goals of the project. A great programmer also learns not to fall in love with their own code, to keep a healthy skepticism until it's been thoroughly tested, making sure it ...
