Shimmerspell is a lovely paranormal YA story about a girl who discovers that neither she, nor the world around her, is exactly as it seems. There's a little touch of romance, quite a bit of magic, and a few surprises along the way. I truly believe Spencer is a talented writer. Her descriptions of places such as the Isle of Mermen are outstanding.

Limerick is the second book in the Shimmer Trilogy, a novella book series that I find to be surprisingly addictive. Jensen had a lot of info dropped on her in book one and she went straight into the deep end of the reality of her life, that she is half Fae and her family isnt who they claim to be.
