Critical Thinking And Storytelling are Both About Logic. Effective stories have a forward momentum. One thing leads logically to the next. Even in fantasy or science fiction stories, where the “facts” might be imaginative, it’s imperative that the logic remains airtight. And in nonfiction, not only must the logic work but the facts too must be accurate and verifiable or the story will fall apart.

a good idea or a bad idea and then draw a conclusion. The children let the Cat in the Hat enter their home while NO parents were home.

## *Critical Thinking Through Kids Literature | Ideas for ...*

Activity 1. The term critical thinking suggests the idea of not readily accepting any given viewpoint. In terms of school students reading a literary text, critical thinking would involve asking why or how questions about the text: why has the writer used this character as the hero?/why is the story narrated in the first person?/how does the climax resolve the conflict?

Critical thinking is thinking that questions itself. That is to say, it is a process of thinking that self-corrects errors using evidence and systematic elimination of biases, unstated assumptions, motivated reasoning and logical fallacies. The following are illustrative examples of critical thinking.

Facebook's advice boils down to reading news stories critically. That does not mean looking for their flaws, or criticising them, although this can be part of critical reading and thinking. Instead, it means applying logic and reason to your thinking and reading, so that you make a sensible judgement about what you are reading.
