History Two kingdoms of life. The classification of living things into animals and plants is an ancient one. Aristotle (384–322 BC) classified animal species in his History of Animals, while his pupil Theophrastus (c. 371–c. 287 BC) wrote a parallel work, the Historia Plantarum, on plants.. Carl Linnaeus (1707–1778) laid the foundations for modern biological nomenclature, now regulated ...
