Software Architect Behind The Scenes
Software Architect (communications)
Tasked with creating a singular
system that allowed communication
between all defect tracking systems
within the bank. This system runs
behind the scenes by polling changes

to each test system, translating the
results into a common format and
then updating each connected system.

Perry Kulper. Perry Kulper. Date. Oct
20 2020. Expired! Time. 9:00 am -
1:00 pm. Behind the Scenes. Broken
into six key parts, 'Behind the
Scenes' will lightly unpack

developments in linear perspective, it will frame 'erasure' as an architectural and spatial activity, it will set up 14 design methods, with selected examples of work, and it will build an argument for closer consideration of the roles of sites, programs and authors in

representational and spatial production.

Behind the Scenes - UoN Architecture Commons

Each filming day, couples come through the doors with wildly different views on what their homes

should be like, most paralysed by indecision for years. It was for this reason that perhaps the most...
