Software Engineering - System Engineering MCQs - EXAMRADAR

"A great software engineer has a healthy balance between perfectionism and pragmatism. Too often engineers want their code to be perfect, while losing sight of the overall goals of the project. A great programmer also learns not to fall in love with their own code, to keep a healthy skepticism until it's been thoroughly tested, making sure it is the right choice for the project at hand.

7 Software Engineer Interview Questions and Answers

Here's a library of past papers to help you prepare for your exams. You'll find four years' worth of past exam papers and examiner reports for every module to aid revision.
