Solutions to End-of-Chapter Exercises
A foreign-based manufacturer is concerned about their cash flows in their home currency. A stronger US dollar means that each dollar earned in revenues will translate into more of their home currency. Thus, a stronger US dollar will tend to help foreign-based manufacturers that sell their products in the US.

Solutions to CH 11 Exercises – Business Finance Essentials
The decision rule should recognize the riskiness of the relevant cash flows The decision rule should recognize the time value of money The decision rule should rank the projects so that those projects that increase the firm's value the most are ranked the highest. Note that rule four can not be shortened to rank projects.
