Solutions To Shumway Time Series Analysis

An introduction to time series analysis in the time domain and frequency domain. Topics will include: Stationarity, autocorrelation functions, autoregressive moving average models, partial autocorrelation functions, forecasting, seasonal ARIMA models, power spectra, discrete Fourier transform, parametric spectral estimation, nonparametric ...

Stat 153 Fall 2010

questions posed by these time correlations is commonly referred to as time series analysis. The impact of time series analysis on scientific applications can be partially documented by producing an abbreviated listing of the diverse fields in which important time series problems may arise. For example, many fa-
