The Association of Surgical Technologists

Online Library Standard Surgical Attire And Surgical

recognized the need for CSTs and CSFAs to have a comprehensive publication focused on evidence-based Guidelines for Best Practices. The Guidelines were researched and developed, in order to aid in legislative efforts for state assemblies and to provide readily available answers to questions asked by operating room supervisors.

Association of Surgical Technologists
Although there is some evidence that scrubs, masks, and head coverings reduce bacterial counts in the operating room, there is no evidence that these measures reduce the prevalence of surgical site infection. The use of gloves and impervious surgical gowns in the operating room reduces the prevalence of surgical site infection. Operating-room ventilation plays an unclear role in the prevention ...
