Still Life As Byatt - e13components.com

Still Life is the second volume of Byatt's tetralogy centred around the Potter family (and mainly Frederica); see also our reviews of parts three (Babel Tower) and four (A Whistling Woman). Still Life covers the mid-1950s. The Potter children are at the centre of things: these are Frederica's Cambridge years (bookended by brief before and after), while older sister Stephanie has given up academia and settled into married life.
