__California__ Gizmo Warm-up The Earthquakes 1 | Recording Station Gizmo simulates the seismic waves released by an earthquake. To begin, look at the key on the bottom left side of the Gizmo. 1. The epicenter of the earthquake is the point on Earth's surface closest to the focus, or origin, of the earthquake.

Earthquake Recording Gizmo.docx - Name Date Student ...
The Earthquakes 1 | Recording Station Gizmo simulates the seismic waves released by an earthquake. To begin, look at the key on the bottom left side of the Gizmo. 1. The epicenter of the earthquake is the point on Earth's surface closest to the focus, or origin, of the earthquake. A. What symbol represents the epicenter? ____ B. What symbol represents the recording station? ____ 2.

Student Exploration: Earthquakes 1 Recording Station
The Earthquake | Recording Station Gizmo| simulates the seismic waves released by an earthquake. To begin, look at the key on the bottom left side of the Gizmo. The epicenter of the earthquake is the point on Earth's surface closest to the focus, or origin, of the earthquake. What symbol represents the epicenter?

Student Exploration: Earthquake | Recording Station ...
The Earthquakes 1 | Recording Station Gizmo| simulates the . seismic waves. released by an earthquake. To begin, look at the key on the bottom left side of the Gizmo. The . epicenter . of the earthquake is the point on Earth's surface closest to the . focus, or origin, of the earthquake. What symbol represents the epicenter? ____ What symbol represents the recording station? ____ Click . Play

Earthquake | Recording Station
With the Earthquake | Determination of Epicenter Gizmo, you will use data from three recording stations to find the exact location of the epicenter. Student Exploration: Earthquake | Determination of Epicenter The Earthquake | Recording Station Gizmo| simulates the. seismic waves. released by an earthquake.

Earthquake Recording Station Gizmo Answer Key
2019 Name: ____ Date: ____ Student Exploration: Earthquakes 1 | Recording Station Vocabulary: body wave, earthquake, epicenter, fault, focus, P-wave, S-wave, seismic wave, seismogram, seismograph Prior Knowledge Questions (Do these BEFORE using the Gizmo.) 1. Have you ever experienced an earthquake? ...

Kami Export - Carson Lester - EarthquakesGizmoVL_H_GC.pdf ...
Earthquakes 1 - Recording Station. Using an earthquake recording station, learn how to determine the distance between the station and an earthquake based on the time difference between the arrival of the primary and secondary seismic waves. Use this data to find the epicenter in the Earthquakes 2 - Location of Epicenter Gizmo.

The Earthquake | Recording Station Gizmo| simulates the seismic waves released by an earthquake. To begin, look at the key on the bottom left side of the Gizmo. The epicenter of the earthquake is... Student Exploration- Earthquake | Recording Station (answers) Gizmo Warm-up Earthquakes 1 - Recording Station seismic waves 1. The epicenter focus .

Earthquake Recording Station Gizmo Answer Key Pdf | www ...
Student Exploration: Earthquake | Recording Station. Remember to go to www.explorellearning.com and login. Select the gizmo: Earthquake Recording Station and complete the questions below. This assignment is worth 25 points. Vocabulary: body wave, earthquake, epicenter, fault, focus, P wave, S wave, seismic wave, seismogram, seismograph

Student Exploration- Earthquake | Recording Station ...
Gizmos: Earthquakes 1 and 2 recording station. STUDY. Flashcards. Learn. Write. Spell. Test. PLAY. Match. Gravity. Created by. marvelousfabulous_me. Terms in this set (10) Body Wave. In geology, a seismic wave that travels through the body of a medium. Earthquake. sudden violent shaking of the earth's ground caused by movement of the crust.

Gizmos: Earthquakes 1 and 2 recording station Flashcards ...
In 1968, Dr. Oliver, Dr. Isacks and another former graduate student of Dr. Oliver, Lynn Sykes, wrote a paper, "Seismology and the New Global Tectonics," that put together earthquake evidence ...

Jack Oliver, Who Proved Continental Drift, Dies at 87 ...
Goal: Based on three seismograms, locate the epicenter of an earthquake. Prepare: To complete this activity, you will need the table and graph you made in the Earthquakes 1 | Recording Station Student Exploration. Take this out now. Measure: Turn on . Show time probe. On each seismogram, locate the first P-wave and the first S-wave.

Earthquake | Determination of Epicenter
Even earthquakes in Hawaii reach the seismic station at Fordham University, which has operated for almost 100 years. ... This little device and generations of its predecessors have been recording ...

As the Earth Shakes, a Machine Below the Bronx Takes Note ...
Place the recording station 300 km from the epicenter. (Does not have to be exact.) Question: How can you determine how far you are from the center of an earthquake? 1. Observe: Click Play, and observe the P- and S-waves. Which waves are faster? 2. Measure: Wait until the seismogram is complete. Turn on Show time probe.

Grosse Pointe Public School System / GPPS Home
Goal: Based on three seismograms, locate the epicenter of an earthquake. 1. Prepare : To complete this activity, you will need the table and graph you made in the Earthquake | Recording Station Student Exploration. Take this out now. 2. Measure : Turn on Show time probe. On each seismogram, locate the first P wave and the first S wave.

Student Exploration: Earthquake | Determination of Epicenter
Student Exploration: Earthquake | Recording Station. The Earthquake | Recording Station Gizmo| simulates the . seismic waves. released by an earthquake. To begin, look at the symbols on the bottom left side of the Gizmo. The . epicenter . of the earthquake is the point on Earth's surface closest to the . focus, or origin, of the earthquake.
