Amazon.com: L. Poundie Burstein: Books Build student success with concise and accessible text for the New York Global History and Geography II course, as tested on the Regents Exam. Comprehensive coverage of all topic areas, covering 1750 to the present. Features.

New York Global History & Geography This workbook is mainly based on the author 's worksheets for the college algebra course (MAD-119) at QCC of CUNY. It is intended as a concise introduction to college algebra at the intermediate level. Our motivation is to emphasize the depth of reasoning and understanding rather than multitudes of approaches to similar types of questions.
