The Supercharged Hormone Diet "Dr. Turner ND shows how hormonal imbalance sabotages weight loss. In order to lose weight, you have to eat real food and keep your hormones balanced, whatever your age. The Hormone Diet and The Supercharged Hormone Diet are great books."

The Supercharged Hormone Diet - Dr. Natasha Turner ND

Turner has created an accelerated hormone diet with the same basic principles as the original (eating the right foods to correct hormonal imbalances), and she's plucked out the most important information from The Hormone Diet. This supercharged plan includes questionnaires and assessments to get readers started, a higher-protein detox than the original, key tips for sleep and exercise, a handy food list, a new 2-week meal plan, a chart to help readers stay on top of their goals, and many new ...

Hormonal Health | Naturopathic Doctor | Dr Natasha Turner ND

Dr. Natasha Turner, author of *The Supercharged Hormone Diet*, says hormones control everything to do with weight loss, including where you store your fat, so once you figure out what is really going on in your body you can begin to burn away the fat for good. Dr. Turner says the number one way to tell if hormones are to blame for your lack of weight loss is if you are exercising and eating healthy, but the number on the scale stays the same.
