Principles of Survey Methodology
- UCLA Labor Center

The essence of survey method can be explained as “questioning individuals on a topic or topics and then describing their responses”. In business studies survey method of primary data collection is used in order to test concepts, reflect attitude of people, establish the level of customer satisfaction, conduct segmentation research and a set of other purposes.

Survey Methodology 2nd Edition
Textbook Solutions | Chegg.com
This fully updated edition addresses the growth of the Internet for data collection and the subsequent rapid expansion of online survey usage, the precipitous drop in response rates for telephone surveys, the continued improvement in techniques for pre-survey evaluation of questions, and the growing role of individual cell phones in addition to—and often instead of—household landlines.
