Epic and slow moving, The Descent of Alette dramatizes a single womans battle against an ancient patriarchal force. The novel-in-verse follows Alette, the narrator, as she wages war against the evil, omnipresent Tyrant, the personification of patriarchy; the Tyrant has imprisoned everyone underground in a subway system, and only with his defeat can people return to the surface and reconnect with

Alice Notley's *The Descent of Alette* is a book-length work with an avowedly feminist aim: to write a woman-authored epic poem with a heroine in a genre she characterizes as predominantly “male-centered — stories for men about a male world” (Notley, *Homer's Art*).

Descent of Alette is an epic quest poem, a long poem, a poem where we follow Alette, the hero, into the depths of decaying subway stations, underground, a space of many metamorphoses, on a mission to find, expose, and destroy the tyrant--a representation of masculine supremacy--all supremacy, but def male--and heal the world.

Not the least of Alice Notley's acute dilemmas in writing The Descent of Alette is an extreme crisis of form: the crisis of how to take on what Notley deems to be a pervasively masculine discourse — the epic — and execute a poem in a way that the content is not co-opted into a series of masculine gestures and signifiers.
