3.0 out of 5 stars Book Review: The Invention of Everything Else - Samantha Hunt Reviewed in the United Kingdom on 14 March 2016 Here is the story of Nikola Tesla merging fact with fiction. I had to check up on some of the facts as I knew little about Tesla other than giving us alternating current making our electricity safer.

The Invention Of Everything Else is a semi-fictional history of Tesla, one of the greatest minds the world has ever known, and the people he comes into contact with at various points in his life. We witness his successes and failures, his emergence and withdrawal, his youth, his old age, and some sort of ending.
