The Knowledge is a grand thought experiment on the behind-the-scenes fundamentals of how our world works, and what drove the progression of civilisation over the centuries. This event is based on my book, The Knowledge, which is a New York Times and Sunday Times bestseller, and was also awarded The Times 'New Thinking' Book of the Year. The event showcases a lot of artefacts and objects I made from scratch during the research for the book, and also features lots of demos and short videos ...

The knowledge is a primer on how to reboot civilisation after a cataclysmic event. It gives no details as to what the event might be: it could be a pandemic, nuclear winter, or some kind of Black Swan. It takes an unapologetic science focus — there is no explanation of how to return to the rule of law or establish a simple government.
