reviews. From a leading British
historian, the story of how fear of
war shaped modern England. By
the end of World War I, Britain had
become a laboratory for
modernity. Intellectuals,
politicians, scientists, and artists-
among them Arnold Toynbee,
Aldous Huxley, and H. G. Wells-
sought a vision for a rapidly
changing world.

...

While it doesn't mention The Twilight Zone by name, the film begins with a static-bedeviled television being watched in the middle of the day, like the memory of a late '50s childhood half-forgotten. The story you're about to see, explains a disembodied voice, is a trip into "Paradox Theatre."
