Starting in 1957 until 1988, Toyota established a separate dealership in Japan dedicated to cars and trucks installed with diesel engines, called Toyota Diesel Store. When the dealership was disbanded, diesel products are now available at all locations, with commercial products exclusive to Toyota Store and Toyopet Store locations.

Toyota's four-valve-per-cylinder, electronically-injected 1HD-FTE was really the ultimate expression of six-cylinder diesel grunt and was only replaced by the V8 turbo-diesel that still powers current-model LandCruisers. The 1HD-FTE is still revered by many and thought to be a more reliable and easy-to-maintain engine than the newer V8.
