The vehicle used by organizations for such constant reinvention is a business transformation program. This book illustrates a tested program management roadmap along with the supporting comprehensive frameworks to successfully execute Organizations need to constantly innovate and

improve products and services to maintain a strong competitive position in the market place.

Transforming Business with Program Management: Integrating Structure ...

Program management of a transformation initiative requires leadership over the six

dimensions of the program—strategy, people, process, technology, structure, and measurement. The program charter, scope, approach, and company structure will govern how the integrated program plan is structured to address all of these six dimensions.
