This year marks the 75th anniversary of a very famous secret code. It was developed for the U.S. military by members of the Navajo (NAH-vuh-hoh), a Native American tribe. Historians say the code —and the Navajo who created it—helped the U.S. win World War II.

A Secret Code - Scholastic
The United States Secret Service uses code names for U.S. presidents, first ladies, and other prominent persons and locations. The use of such names was originally for security purposes and dates to a time when sensitive electronic communications were not routinely encrypted; today, the names simply serve for purposes of brevity, clarity, and tradition. The Secret Service does not choose these names, however. The White House Communications Agency maintains a list that candidates choose from, oft

Secret Service code name - Wikipedia
U.S. Department of Defense. Bill Clinton also had an unexplained animal moniker. Some have speculated that the code name concerned his association with the Boy Scouts. Eagle Scout is the organization's top rank, a fitting name for someone holding the highest office in the land.
