Robert Lepage is one of Canada's foremost theatre authors and directors. His company, Ex Machina, has toured to international acclaim and he has lent his talents to areas as diverse as opera, film, solo performance and installation art. His most celebrated work blends acute personal narratives with bold global themes through collaborative and multimedia theatricality. This book is the first

to combine:

- An overview of the key phases in Lepage's life and career
- An examination of the issues and questions pertinent to his work
- A discussion of The Dragons' Trilogy as a paradigm of his working methods
- A variety of practical exercises designed to give an insight into Lepage's creative process.

As a first step towards critical understanding, and as an initial exploration before going on to further, primary research, Routledge Performance Practitioners are of unbeatable value for today's student.

The studies that make up this book were written and brought together to honor the memory of Jan Pinborg. His unexpected

death in 1982 at the age of forty-five shocked and saddened students of medieval philosophy everywhere and left them with a keen sense of disappointment. In his fifteen-year career Jan Pinborg had done so much for our field with his more than ninety books, editions, articles, and reviews and had done it all so well that we recognized him as a leader and counted on many more years of his scholarship, his help, and his friendship. To be missed so sorely by his international colleagues in an academic field is a mark of Jan's achievement, but only of one aspect of it, for historians of philosophy are not the only scholars who have reacted in this way to Jan's death. In his decade and a half of intense productivity

he also acquired the same sort of special status among historians of linguistics, whose volume of essays in his memory is being G. L. Bursill-Hall almost simultaneously published under the editorship of Sten Ebbesen, Jan's student, colleague, and successor as Director of the Institute of Medieval Greek and Latin Philology at the University of Copenhagen, has earned the gratitude of all of us by memorializing Jan in various biographical sketches, one of which is accompanied by a complete bibliography of his publications.

Drawing on philological studies,

STRONGNamed one of the Top 10 Books of 2008 by The Times-Picayune. STRONGWinner of the 2009 Humanities Book of the Year award from the Louisiana Endowment for the Humanities.STRONG STRONGAwarded the New Orleans Gulf South Booksellers Association Book of the Year Award for 2008. New Orleans is the most elusive of American cities. The product of the centuries-long struggle among three mighty empires--France, Spain, and England--and among their respective American colonies and enslaved African peoples, it has always seemed

like a foreign port to most Americans, baffled as they are by its complex cultural inheritance. *The World That Made New Orleans* offers a new perspective on this insufficiently understood city by telling the remarkable story of New Orleans's first century--a tale of imperial war, religious conflict, the search for treasure, the spread of slavery, the Cuban connection, the cruel aristocracy of sugar, and the very different revolutions that created the United States and Haiti. It demonstrates that New Orleans already had its own distinct personality at the time of Louisiana's statehood in 1812. By then, important roots of American music were firmly planted in its urban swamp--especially in the

dances at Congo Square, where enslaved Africans and African Americans appeared en masse on Sundays to, as an 1819 visitor to the city put it, &“rock the city.&” This book is a logical continuation of Ned Sublette's previous volume, *Cuba and Its Music: From the First Drums to the Mambo*, which was highly praised for its synthesis of musical, cultural, and political history. Just as that book has become a standard resource on Cuba, so too will *The World That Made New Orleans* long remain essential for understanding the beautiful and tragic story of this most American of cities.

Ebenezer Le Page, cantankerous, opinionated, and charming, is one of the most compelling literary creations of the late twentieth century. Eighty years old, Ebenezer has lived his whole life on the Channel Island of Guernsey, a stony speck of a

place caught between the coasts of England and France yet a world apart from either. Ebenezer himself is fiercely independent, but as he reaches the end of his life he is determined to tell his own story and the stories of those he has known. He writes of family secrets and feuds, unforgettable friendships and friendships betrayed, love glimpsed and lost. The Book of Ebenezer Le Page is a beautifully detailed chronicle of a life, but it is equally an oblique reckoning with the traumas of the twentieth century, as Ebenezer recalls both the men lost to the Great War and the German Occupation of Guernsey during World War II, and looks with despair at the encroachments of commerce and tourism on his

beloved island. G. B. Edwards labored in obscurity all his life and completed *The Book of Ebenezer Le Page* shortly before his death. Published posthumously, the book is a triumph of the storyteller's art that conjures up the extraordinary voice of a living man. "Imagine a weekend spent in deep conversation with a superb old man, a crusty, intelligent, passionate and individualistic character at the peak of his powers as a raconteur, and you will have a very good idea of the impact of *The Book of Ebenezer Le Page*...It amuses, it entertains, it moves us..." -The Washington Post "A true epic, as sexy as it is hilarious, it seems drenched with
