The feet of the receiver feature a newly designed, high-density structure which utilizes two different kinds of interior ribs — straight and curved — to enhance strength and damping performance. Installation stability is improved and chassis resonance is dispersed, effectively eliminating external vibration.

Receiver Manual

Can a Yamaha AV receiver be used with other audio equipment?

Yes, you can use an AV receiver with other audio system components. All Yamaha AV receivers have standard connectors that allow the system to be paired with any device. It is advisable to pair the AV receiver with the right speaker size to enjoy its full tonal range.
